Newsletter.....Sept 2010

From time to time we have **work experience students** on placement at the kennels, either from local schools or from colleges like Bicton or South Devon College. For the next 4 months we will be joined every Friday by Hannah, who is studying Animal Care at college. We hope this will help Hannah with her course and with decisions about her future career, and we are sure we will find her help useful.

Autumn is here again already, and we are booking up fast for Christmas and New Year. Please ring very soon if you would like a space for your dog or cat!

We do not take animals in or out on Christmas Day or Boxing Day, but apart from that we are open over the festive season.

One of our three cats, relaxing as usual!

My parents have recently had solar panels installed on their end of the roof of our shared house. We are waiting with interest to see how well they perform over the next few years. They certainly got off to a great start over this summer, with lots of sunshine generating lots of power.

Our younger son, Andrew, is just starting his final year at school and will be doing some work for us at weekends and in school holidays. Most people will recognise him because he looks just like a young, slim, long-haired version of Duncan!

*Any old towels, not fit for the charity shop, would be most gratefully received for use in our grooming room.
Thank you!*

Dog Lane is once again being patched up, with unfortunate delays to traffic. We are not given advance warning when this work is to take place or how long it will take, but if clients ring us on the day they are coming to us we will attempt to tell them the best way in.

If you have ever put the wrong fuel in your car. we can sympathise! This expensive mistake was made recently by Duncan (although to be fair it could just as easily have been me) and we sincerely hope we never repeat it!
